'round town

with Betty Allen...

It's pretty apparent now why Supervisor Joseph McKinnon insisted on the eccentric boundaries for the incorporation area which left out everyone who wished to be out . . . he could sense it was going to be close and I DO mean close.

After the election a lot of people said they voted against it, not because they weren't in favor of incorporation, but because they felt the boundaries were not just right and the candidates were not just whom they would have chosen. I have never thought that incorporation would solve all our problems but that it would be a step forward and would be, at its worst, better than our present status quo. Perhaps if a movement for incorporation starts again these people will be willing to take an active part, fight out the boundaries with Supervisor McKinnon and run for office themselves.

Speaking of the status quo, Karl Bohnett, one of the opponents of incorporation, stated both publicly and privately, that we needed police protection but that we could "work it out" among ourselves much cheaper than we could incorporate. Since he and his wife left the day after the election for Palm Springs it will be up to some of the others who feel there's a "cheaper way" to get protection.

The man who appeared so opportunely just before the election and solicited customers for a "private patrol" has ceased his solicitations. Seems his deputy sheriff badge was removed.

L. C. Garcia already has a good start toward a set of whiskers for Old Settlers' Day and in addition is sporting a haircut designed to compliment his "foliage".

Residents of Walnut Drive are planning a novel entry for Old Settlers' Day parade which will consist of a float containing the 14 boys who live on the short drive. Only seven families claim residence on this street, but the preponderance of boys ranging from 4 to 14 keep things lively.

Among the families who will contribute their offsprings to the float are the Walter Thurbers, Gus Standishes, Vic Wyckoffs, J. C. Carsons, "Red" Spears, G. Starlings and William Faylers.

JONES SERVICE CINCHES FIRST HALF TITLE

By winning two games last week the Jones Service team cinched the title of the first half of the Campbell Basketball League. They defeated Nelson's Sport Shop, 37-35 last Thursday night. Don Warning led the scoring for Jones with 12 digits, while Bud Greenville collected 13 for Nelsons. On this same night Strong Bros. defeated the American Legion team, 50-40. Rose scored 18 points for Strong Bros., and Al Frank scored 15 points for the Legion.

On Tuesday evening Jones Service scored their second victory of the week by defeating Field's Store, 48-38. Andy Livacich was the high scorer for the Jones boys with 21 digits, while Nick Barbaccea scored 12 points for Field's Store. In the second game of the evening. Nelson Sport Shop outscored the American Legion, 46-43. John Nelson scored 21 points for the winners, while Mitch Lobrovich scored 16 for the Legion.

This week marks the end of the first half of play in this basketball league. The second half of the season will start next week and will end on March 6. The winners of the first and second halves will have a three-game play-off the second week in March.

Team standings:

	Won	Lost
Jones Service	6	1
Strong Bros.	3	4
Field's Store	3	4
Nelsons Sport Shop	3	4

DEATH TAKES LELAND V. DURHAM

Friends paid final tribute yesterday to Leland V. Durham who died in San Jose Jan. 27. A resident of Campbell, he is survived by his nephew, Robert T. Durham, US Navy.

The rites were held at the Rutherford Funeral Home with the Rev. Lawrence Osborne officiating. Interment was in the Santa Clara City Cemetery.

Chamber President Selects Committees

At the special meeting of the Chamber of Commerce held last week for the purpose of making Old Settlers' Day plans, committes were named by Ira Grim, newly-installed president, for Chamber activities as well as for the annual celebration.

Appointed to the industry and recreation committee were George Arlidge, Byron Botts and Clarence Nelson. Miss Rachel Spradling heads the committee on finance assisted by Roy Ford and Ben Strong.

Publicity committee is headed by G. Martin Allen with Guy Farley and L. E. Garcia co-members. On the advertising and business development committee are Alfred Conley, Lowell Benson and Gus Standish. Public affairs and lodge affiliations will be handled by Ray Gilpatrick, Max Mercer and Ray Fish.

Herbert Shadle heads the membership and civic improvement committee assisted by Ellsworth Raker and Fred Jones.

Plans were sketched for the coming annual Old Settlers' Day and the traditional program and parade were scheduled. One of the community organizations will have charge of the morning program, the afternoon program will proceed as usual with a speaker, as yet unnamed, and the evening program will include a play presented by the Footlighters, a short drill given by the Ne Tops Council, Degree of Pocahontas, and a dance under the auspices of the local Legion Post.

T. A. Cutting has been named general chairman of the day; William Henley, assisted by Howard Smith and Al Carter, will be in charge of the parade; Laurance Hill will manage the afternoon events which will probably include a basketball game; and Lowell Benson will direct the evening activities.

Birthday Tea On Monday

The Country Woman's Club of Campbell will celebrate their 42nd anniversary with a "Birthday Tea" at their next regular meeting to be held Monday afternoon, Feb. 3.

The club was organized in February, 1905, by a group of women interested in the community life and interests and the club took its purpose "To aid the growth of the Campbell library; to increase kindly fellowship; to encourage high thought and free speech upon all matters of general interest; to foster worthy talent in our midst." The club's first president was Mrs. E. I. Price, who is still active in the club's activities and working for its purposes.

Featured on the program will be various musical numbers, a group of piano solos by Jeanette Gomes, a group of vocal solos by Mrs. Raymond Martin, selections by the Carol Choir of the Methodist Church and a group of flute solos by Catherine Fuller.

The board of directors meteting is called for 1:30 p. m. with the business meeting following at 2:30 p. m.

The committee making arrangements for the afternoon are Miss Helen Stray, chairman, assisted by Mesdames G. E. Jeffers, G. R. Newcomb, L. J. Osborne, J. F. Duncan, Hattie Baugh, and Henry Miller.

NEW PRODUCT ANNOUNCED

The L. E. Garcia Plumbing Co. announces that it now has the agency for the sale and service of the Little Giant Tray Washers. This well-known product is at present on display in the Garcia showroom.

ILL IN HOSPITAL

Quito Scott is a patient at the San Jose Hospital where he has undergone two operations. His condition is reported as very satisfactory.

Absentee Ballots Evenly Divided

The counting of the absentee ballots in the incorporation election makes no difference in the narrow margin of votes which decided the issue. When the Board of Supervisors opened the six absentee ballots this morning, they found three of them in favor and three against, making the score 387 against, to 377 in favor.

Traveling America is on the move again and the Mission Trails Association is making every effort to see that we continuue to hold our place as the moremost tourist area in the world.

Church Has New Pipe Organ

The newly installed pipe organ at the Campbell Methodist Church will be played next Sunday by Lt. Reginald Greenbrook at the 11 o'clock morning worship service and at the 4 o'clock afternoon vesper service.

At the morning service Lt. Greenbrook will play several organ solos, and play the accompaniments for the Carol and Chancel Choirs anthems.

At the 4 o'clock afternoon Vesper service the Adult Choir from First Methodist Church, San Jose, under the direction of Mr. Chester Mason, will assist Lt. Greenbrook in the inaugural organ program. The Rev. Dr. Joyce Wesley Farr will be the vocal soloist. A male quartet will also sing a group of numbers.

Lt. Greenbrook has been installing the new pipe organ during this month, assisted by a score of the church men working at night on the installation. The fine cooperation of the men of the community made possible the playing of the organ for this Sunday.

The organ was given to the church by Mr. and Mrs. William Lloyd.

Final Rites Held

Final rites were conducted Monday for John E. Call who died in San Jose on Jan. 23. A resident of Campbell for many years, he was well-known as an excellent carpenter.

The Rutherford Funeral Parlor was the scene of the funeral at which the Rev. E. J. Bias officiated. The Sexton Quartette, composed of Joseph, Grace, Euia Bea and Delus Sexton, presented several numbers. Interment followed at the Santa Clara City Cemetery.

Mr. Call was born in Arkansas on May 28, 1881. Surviving him are his wife, Mrs. Pearl E. Call; four sons, Gregg Call of Campbell, Lifus E. Call of Kansas, Perry Gillum of Fresno, and A. T. Gillum of San Jose; a daughter, Mrs. Hope Wisdom of Los Angeles, and seven grandchildren.

Local Artists Exibit

Campbell may well be proud of its artists, for out of 450 paintings entered in the Santa Cruz Art League anual State wide exhibit, only 160 were hung. Three of these were painted by local men.

Frank Cutting, nationally recognized artist, has an oil now on exhibit entitled "Winter Sycamores".

A still life by Manuel Rose, son of Mr. and Mrs. Dan Rose, was among those chosen. Manuel has been attending art school in San Francisco since being released from the service.

The third Campbell artist to win recognition was Otis Hyde. The judges picked one of his coastal scenes done in oils for exhibit.

Star Helps Polio Victims

Screen Star Greer Garson makes the appeal for funds in the motion picture, "A Step Forward," which is being shown in the local theatre during the March of Dimes. The March of Dimes is the only fund-raising activity sponsored by the National Foundation for Infantile Paralysis.

Scouts Have Fun Visiting Ranch

By DUDLEY HERSCHBACH
(Scout Reporter)

The Bruce Creek ranch near Big Basin State Park was the setting for Moreland Troop 36's latest "dusk-to-dawn" hike. Eighteen members of the troop, along with Scoutmaster R. Herschbach, Assistant Scoutmaster L. L. Miller, and Committeeman T. O. Hill, visited the ranch Sunday, January 19, "just for a good hike."

They got more than a hike out of it, however, as several scouts nearly froze themselves stiff while enjoying (?) the use of the swimming pool there. The boys apparently wanted to join the Polar Bear Club for they competed to see which could swim the most laps in water somewhere around 35 degrees—I haven't decided yet whether it was 35 above or below!

Swimming, needless to say, occupied only a little of the time, and a hike was also undertaken. The hike was a success—up to a point—for it unfortunately lead through some very nice clumps of poison oak. But this did not worry the Scouts, and no one knows this better than this poor writter, who now has to pause in order to apply some more Calamine Lotion to his itching face.

Some very instructive staling games were also played and much valuable training and experience in coooking was gained—as well as a lot of fun.

Injured In Auto Wreck

Lous F. Sherlock, Jr., escaped death miraculously last week when the butane truck he was driving went out of control and crashed over an embankment near Mt. Pleasanton. Sherlock was thrown from the cab of the truck and, though injured by his fall, is expected to completely recover within a few weeks.

The truck fell a distance of 60 feet and exploded as it landed. A small prune orchard was demolished by the fire.

Epidemic of Accidents

There seems to be an epidemic of accidents recently. Bill Samford, butcher at Jimmy Arnold's Campbell Market, accidentally sawed a finger almost completely off last week.

Miss Gladys Merriman, post office employee, fell Sunday at her Ben Lomond cabin and received a broken arm.

Also the victim of a broken arm was little Miss Virgie Nagil who received the injury when she fell at the Cambrian School skating party.

NEW SUBDIVISION TO BE OPENED

The Ray Mathis Real Estate Co. is opening a new subdivision at the junction of Union Ave. and the San Jose-Los Gatos Road which contains 36 acres. The property was formerly the Stojanovich ranch.

Campbell Judge Dislikes Red Tape

Campbell's well-known Justice of the Peace, Judge John D. Blaine, has recently written to State Assemblyman John F. Thompson that the justice court today is little but a court of records.

He stated that 90 percent of the work of the justice court goes into writing reports, some of which require as many as 30 entries in the records.

"So many formalities are now frozen upon judges and courts that the legal history of the day should be written under the title: 'Man and the Ice Age'."

In his letter he protested the proposed legislation which would require use of the County probation officer in all probation cases and which would require suspension of driving licenses for three months in all drunken driving convictions.

Judge Blaine feels that this action would lessen the freedom of the judge to use his judgment.

Campbell vs. Washington

By DAVE WOODS

A lay up shot by Reggie Gazay, with one minute remaining, gave the Campbell High Varsity a 26 to 25 victory over the formidable Washington High School Huskies, in a contest played last Friday in the local gym. The Buccaneer 130s came out on the short end of a 22-19 count in the preliminary.

The Buc "Heavies" had trailed throughout most of the game, but a 30-footer by Wayne Buck and Gazay's lay-up gave them the dicision. The win gave the varsity a 3-1 league record and still left a good chance for SCVAL honors. Ray Fish, Campbell forward, topped all scoring by chalking up 13 points, but Rodrigues of Washington gave him a battle as he tallied 13 markers. In the 130-lb. tilt the Campbell lightweights spotted the Huskies a comfortable first half lead, and even a brilliant second half comeback fell short. Jim Beth led local scoring with 4, but Priego of the Huskies ranked higher with 9 digits.

CAMPBELL VS. PAC. GROVE

After a tiring three-hour bus ride, the Campbell High hoop squads walked out onto a spacious Pacific Grove court, and proceeded to drop a twin bill to the rather rugged Breakers. The varsity lost their Saturday night encounter, 29 to 24, as the 130s dropped theirs, 28 to 22. Both games were of the rugged variety, and had the Bucs started faster they might have been the victors in either contest. Wayne Buck, with 12 points, was the only consistent scorer the locals could muster in the varsity tilt. De Lorimere, hotshot forward, led the Breakers with 11 tallies. The 130 exponent contest was highlighted by a near use of fisticuffs as 'Itchy" Ichina and Don Gasperson of Pacific Grove tried to start a melee with Rich Geraci of Campbell. Gasperson and Geraci were ejected for their actions. Captain Monte Dayton, playing against his old teammates, and Bill Maggenetti led the Buccaneer point-getters with 7 and 8 digits re-

R. F. D. Reaches Half Century Mark

On Saturday rural free delivery in Campbell will be a half century old, for the first two routes were established here on an experimental basis on Feb. 1, 1897. These two routes have today grown to 528 in California, serving 237,015 families.

Earning $300 a year, were the first two carriers, P. M. Curtis and W. F. Weitzenberg, who drove 25 miles a day. Both men are now deceased.

According to Mrs. Charlotte Sutter, one of the town's oldest residents, the Campbell post office was first established in 1885 and Benjamin Campbell, town founder, was the first postmaster. The post office was located in his home on Campbell Ave., now the Putnam home.

Following him, Mr. Charles Berry served as postmaster and the office was moved to the depot. Mrs. Sutter and her brother, Charles L. Willett, then took the department over for the next five years in a building which has since been torn down.

In his annual report of 1897, Postmaster General James A. Gary referred to the routes from Campbell as "the garden spot of the rural free service."

To prove his point, the Postmaster General said that Campbell is "in the center of a stretch of garden, vineyards and orchards extending five and a half miles north and south with an average width of four miles."

He noted that 99 percent of the 1600 persons served by the first California RFD were "well to do, owning their own homes and possessing a high order of intelligence."

"Living here," Gary continued "are many eastern people of wealth and refinement who have come to California to prolong life, and they have thus improved and beautified their surroundings in order to make life worth prolonging."

Untangle Spider's Web

A spider's web of yarn met members of the Methodist Church Saturday Niters recently when they gathered at the home of Mr. and Mrs. Les Ackerman at 317 Esther St. Partners for the evening were chosen by untangling the spider's web which was woven throughout the house with the men and women starting on opposite sides of the house. An evening of fun followed, one of the highlights being a millinery show with the men creating hats for their women partners out of odd materials brought from home. Motion pictures were taken of the completed projects to be shown at a later date.

During the business session it was decided that the next meeting would be a box lunch social to be held on Feb. 8.

Acting as co-hostesses with the Ackerman's were Mr. and Mrs. Al Cobb and Mr. and Mrs. LBen Howard. Participating in the gay evening were Mr. and Mrs. Larry Hill, Mr. and Mrs. Earl Buck, Mr. and Mrs. Raymond Flagg, Mr. and Mrs. Art Tindell, Mrs. Everett Nelson, Mrs. Eleanor Linder, Mr. and Mrs. Frank Blaine, Mr. and Mrs. C. Grammar School Notes

The Campbell Grammar School cafeteria, under the leadership of Mrs. Fuller, was a busy place last December. About 460 students ate their lunch each day.

The meals consisted of one vegetable, meat, or protein dish, with bread, butter, and milk, with a dessert.

The cafeteria serves milk at the morning recess and at noon.

There are now six adult workers with 18 student workers who work for half an hour a day, during the noontime.

I can quote Mrs. Fuller as saying, "The meal should be appealing to the eye as well as the appetite."

—Billy Plymale, 8B2.

Mrs. Foskett's fifth grade is studying George Washington and Paul Revere in social studies. Their border centers around the song, "What Is America To Me?" There are going to be pictures that illustrate phrases of the song with words underneath. The class is going to emphasize democracy and patriotism in February in connection with Washington and Lincoln.

Their class has voted to fill two more Red Cross boxes. They have filled two before. That shows that Campbell Grammar School children are very helpful and thoughtful.

—Joanne Ott, Low 8B2.

Mrs. Hillard's sixth grade was studying ancient countries such as Babylonia, Egypt, Persia, and Palestine. Their culmination of the unit was last Wednesday when they went to the Rosicrucian Museum and saw some Egyptian mummies, an Egyptian temple, a replica of King Tut's tomb, a replica of the Great Pyramid, pieces of Egyptian glass, jewelry, and Egyptian art. When they were walking around the outside they saw an obelisk, with hieroglypics (picture writing) on it, also they saw papyrus growing.

They are going to make tray favors for the Red Cross.

In going into Mrs. Pye's 2nd grade room, I saw pictures on the wall of four different animals. They were the camel, sheep, reindeer and goat. I asked her what they represented and she said they were the animals of other lands from which the people get their milk. She had these pictures up because her class is studying dairy. Last week they saw a movie on how to make butter, cheese, etc., which was very interesting. They are expecting to go on an excursion some day next week. They also are going to make some cottage cheese in their class room if they can get the sour milk.

Mrs. Pye's class is enjoying studying the dairy because it is educational and also interesting. Next the class is going to study the grocery business which will also make an interesting topic.

CHRISTIAN SCIENCE CHURCH

"Love" is the subject of the Christian Science Lesson-Sermon for Sunday, February 2, with the Golden Text from I John: "Beloved, let us love one another: for love is of God; . . . He that loveth not knoweth not God; for God is love" (4:7, 8).

Included in the sermon are these citations:

Matt. 9:35: "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people."

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The divine Love, which made harmless the poisonous viper, which delivered men from the boiling oil, from the fiery furnace, from the jaws of the lion, can heal the sick in every age and triumph over sin and death. It crowned the demonstrations of Jesus with unsurpassed power and love" (p. 243).

No Need to Increase Your State Gasoline Tax!

STATE HAS ENOUGH MONEY TO BUILD NEW ROADS WITHOUT INCREASED TAXES!

The Oil Industry believes:

California highways must lead the rest of the nation.

New highways must be built.

Our highways must be kept repaired.

But facts show that it isn't necessary to increase your gasoline tax to accomplish these objectives.

READ CAREFULLY:

1. Highway funds now available total	$140,000,000
2. During the next four years total highway revenue from all sources will add to the fund	$528,000,000
This totals	$668,000,000
3. Expenditures during this period (repairs, new roads and including the projected State super highways) will cost an estimated	$633,000,000
4. This will leave a surplus of	$ 35,000,000

In other words, all major improvements in California highways during the next four years will still leave a multimillion-dollar surplus in the highway fund **without raising taxes.**

The Big Question is: Why does the State want additional hundreds of millions of dollars of **YOUR MONEY** during the next four years?

How will this money be used?

Before our gasoline sales tax is doubled (or even increased), every citizen in California has a right to know *in detail* where his money is going.

Right now a special session of the California legislature is considering this tax increase. There is no time to lose.

Express your views on this important matter. **Write today** to your Assemblyman and State Senator. Address him: State Capitol, Sacramento, California.

A 3c stamp can save you 3c a gallon for years to come!

Western Oil and Gas Association

"There is no apparent reason why the State gasoline tax should be doubled, or even increased. The Western Oil and Gas Association challenges the advocates of higher taxes to refute with detail the facts here presented."

RALPH B. LLOYD, *President*

CHRIST'S COMING

The coming of Christ our Saviour will be to reward the righteous and punish the wicked. The reward of the righteous is partly described in 1 Thessalonians 4:15-17: "For we say unto you by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent them which are asleep. For the Lord himself shall descend from heaven with a shout, with the voice of the archangel and with the trump of God: and the dead in Christ shall rise first: then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord." The punishment of the wicked in the day Jesus comes to the righteous, the saints or believers is partly described in 2 Thessalonians 1:7-10: "And to you who are troubled rest with us, when the Lord Jesus shall be revealed from heaven with his mighty angels, in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ: who shall be punished with everlasting destruction from the presence of the Lord, and from the glory of his power: when he shall come to be glorified in his saints, and to be admired in all them that believe (because our testimony among you was believed) in that day."

This little guy faces a BIG JOB here in CALIFORNIA

Young 1947 arrived wearing working togs, with his sleeves rolled up. He found a muscle-bulging job ahead of him... in construction, increased business and industrial expansion.

He found nearly 9,000,000 residents in California, including more than a million new workers who came West with the wartime growth of industry. They are staying in California because industrial expansion is continuing. P. G. and E. contributed effectively to this continued growth by advertising California's opportunities nationally and setting up a staff of experts to help furnish business and industrial firms the facts about locating in this area.

We are going places in the West, and P. G. and E., looking to the future, again is building ahead of demand. Little Man 1947 is hard at work for us—on a $300,000,000 construction program to serve the growing needs of a greater California.

Dear Editor:

Although "Incorporation" was lost by apparently four votes, it must certainly be considered a victory for the question. The number of supporters has considerably increased, numbering now 374 or more.

What is to be done now? It is for residents to decide. We would like to hear from others.

One thing stood out most prominently. Although hundreds of names of supporters have been published at various times, not a single name of those circulating the literature against incorporation was ever published. It would be interesting to know whether these opponents represented any organization, or whether they acted for their own personal gains. Surely residents are entitled to know this.

The Campbell Taxpayers' Association wishes to thank all those supporters who worked so hard, and assures them that their efforts have not been wasted.

The secretary wishes to express his personal sincere thanks to all workers, and promises his continuing efforts for Campbell progress.

GEO. E. ARLIDGE,
Secretary.

Campbell Legion Post News

By FORREST A. REESE

The last Post executive committee meeting was held in the home of Past Commander Mitchell. At this meeting it was recommended that the Post create an emergency fund, to be known as a welfare fund, to take care of destitute veterans and their families, this fund to be in charge of Commander Carter. The Post ratified the recommendation of the executive committee. By the creation of this fund, it will now be possible for the Commander to take care of most any emergency they will arise without any delay.

On March 12, Mrs. Anna Hedegard, the widow of Nick Hedegard, will officially present to the Post the deed for the property which was donated to the Post by Mr. Hedegard, for erection of Campbell Post, American Legion Home.

Commander Carter announced that the Chamber of Commerce had requested the Post to sponsor a dance for the Old Settlers' Day, to be held at the Campbell High School. The Cmmander appointed 1st Vice-commander Pier, as chairman, with Past Commander Mitchell and Comrade Olmetti aiding him. Parade committee consists of Comrade William Henley, chairman, assisting Commander Carter and Comrade Howard Smith.

In connection with the Old Settlers' Day dance, Comrade Gomes urged all who attend to please observe the "No Smoking" on the school premises. He stated that this is a State law and must be observed.

The meeting of Feb. 12 will be a joint affair. The Post and Auxiliary will start off the evening with a pot luck supper at 6:30 p. m. Preceding the supper there will be dancing, card playing and several other forms of entertainment.

At the last meeting the engagement of Miss Dorothy Harnish, a member of the local Post, was announced to members. Her fiance, John P. Smith, is also a member of the Post.

Campbell Court Notes

By JUDGE BLAINE

This young man, about 20, was completely illiterate. He'd been arrested for drunk driving and had said that getting drunk was his only pleasure. A close relative told the judge that the youth would sit for hours with his head in his hands and cry. What chance in life had an illiterate?

In court the judge began to tell stories about illiterate men who had succeeded in a rather big way.

There was a well-known Santa Clara County junk dealer, perhaps a millionaire. Back in Europe he'd had a good job where he could barely make ends meet. A rule was made that nobody could have that job unless he could read and write. So the illiterate one came to America and got rich. He often said, "If I'd been able to read and write I'd probably be back in Europe and half-starved yet!"

There's a man in this county whose name is on big truck-and-trailer outfits of many kinds. You see his rolling stock on our roads everywhere. He has a big feed store, too, and employs perhaps 60 people. He, too, can't read or write.

Pretty soon the youth's relative, a man about 50, broke in with, "I can't read or write either. Because I'm illiterate I've learned to use my wits. I know nothing about books but I know a lot about people. I haven't done so bad. Ask my banker what he thinks about me. My check is good for $50,000."

After some more inspirational talk the judge placed the youth on probation and fined him on installment terms, released him and forgot about the incident.

On a Saturday afternoon the judge was just going off on his bike for exercise when a young man called to pay an installment on his fine. Because the time was out of court hours the judge was a little peeved. But the youth was so cheerful in telling about his job and good prospects that the judge soon felt better. Not until a day or two later did the judge realize that the persistently cheerful youth was the one he'd tried to help cheer up himself.

Since then the youth has paid his weekly installments in double the promised amount without a miss.

A GIFT

There came a present to me today,
That the wealth of the Indies could not buy,
Beautiful scenery mounted in gold;
High over all, the azure hued sky.

Tiny lace cloudlets floating above,
Trees, by the roadside, in Autumn array,
Cloth of gold, crimson satin, bright hunters green,
Enchanted the hours of a long golden day.

The view, ever changing,
From clear murmuring rills,
To the white capped bay,
Beyond the far hills.

Then came the lovely hilltops,
With dim aisles of lofty trees,
The glory of a mountain sunset,
And the kiss of the evening breeze.

This wealth is mine, to have and to hold,
The priceless gift was a ride,
With my dear friends, by my side,
And it gave me riches untold.
—Clara Beebe Baldwin.

PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

Q. *What educational benefits do I get under the GI Bill of Rights?*

A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.

Your tuition, laboratory fees, etc., up to $500 per ordinary school year will be paid by the government. Also, you will receive $65 a month living allowance; $90 a month if you have dependents.

Q. *What about family allowances?*

A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.

Q. *What are my chances of going overseas?*

A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.

Q. *Can I still choose the branch of service I want to serve in?*

A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.

Q. *Is there any way I can reenlist in my old grade?*

A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.

Q. *Is there any other way I can reenlist in grade?*

A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

Musician To Play

The "Immortal" Gregor Piatigorsky, the world's greatest cellist, plays as the fifth event of the San Jose Concert series on next Friday evening, Feb. 7, in the San Jose Auditorium. Piatigosky has such a perfection of tone, technique and intonation that critics have rated him as one of the rarest of geniuses. He began playing at the age of six, and at fifteen was first cellist of the Imperial Opera at Moscow.

His San Jose program includes the Divertimento, Haydn; Sonata in A major, Beethoven; Introduction and Polonaise Brilliante, Chopin; Introduction, Theme and Variations, Schubert; Capriccio, Lukas Foss; Melinconia, Sibelius; Allegro Appassionato, Saint-Saens; Habanera, Ravel; La Campanella, Paganini-Piatigorsky.

Since the San Jose recital is the only solo recital played by Piatigorsky in the area, many musicians are coming from San Francisco to San Jose to hear him.

The Trudi Schoop Comic Ballet on Feb. 24 and the First Piano Quartet on Feb. 27, will be the sixth and seventh events of the series.

By Donne Montmorency

The seventh grade is having lettering as an art lesson and are enjoying it for they're going to have monograming pretty soon.

They have finished the room's new border, which consists of crayon colored costume plates of the ages. They are done beautifully and add artistic color to the room.

The seventh and eighth grades are going to have semester tests in spelling; the eighth, a civics test.

The Moreland District voters approved the Central Fire District plan. The vote was 63 in favor to 29.
